

Curriculum vitae

Ioana Leuştean

Professor

**Department of Computer Science,
Faculty of Mathematics and Computer Science,
University of Bucharest, Romania.**

<http://unibuc.ro/~ileustean/>

Personal data

- Born on 21 October 1971 in Bucharest, Romania.
- Married, three children.

Education

[2017] Habilitation in Computer Science, University of Bucharest, Romania

Habilitation Thesis: *"Topics in many-valued logics"*

[2004] Ph.D. in Mathematics, University of Bucharest, Romania

Ph.D. Thesis: *"Contributions to the theory of MV-algebras. MV-modules"*

Scientific Supervisor: *Prof. Sergiu Rudeanu*

[1996] M.Sc. in Fundamentals of Computing, University of Bucharest, Romania

[1995] B.A. in Mathematics, University of Bucharest, Romania

Positions held

[October 2017 - present] Professor, University of Bucharest, Romania

[October 2012 - September 2017] Associate Professor, University of Bucharest, Romania

[1999 - September 2012] Assistant Professor, University of Bucharest, Romania

[1996 - 1999] Teaching Assistant, University of Bucharest, Romania

Administrative positions

[February 2020 - present] Dean, Faculty of Mathematics and Computer Science, University of Bucharest, Romania.

Research interests

Current research interests are in the area of logic for specification and verification, with a particular focus in many-sorted modal logic. Former research belongs to the area of *many-valued logic*, which I approached from various perspectives: logical, algebraic, probabilistic.

Awards

The 2008 *"Grigore Moisil"* Prize of the Romanian Academy, awarded in 2010.

Grants

[October 2015 - September 2017] Grant CNCS PN-II-RU-TE-2014-4-0730

University of Bucharest, Romania

Project: *"Modelling uncertainty in non-classical logics"*

Grant position: Project Director

Postdoctoral fellowships

[October 2010 - March 2013] POSDRU/89/1.5/S/58852

University of Bucharest, Romania

Project: *Many-Valued Logics: theoretical aspects and applications*

[September 2007 - August 2009] "Alexander von Humboldt" Research Fellowship
Technische Universität Darmstadt, Germany
Project: *Rings, Modules and Riesz Spaces in the theory of MV-algebras*

Past editorial activities

[- February, 2023] Member of the editorial board of [Soft Computing](#).

Referee for peer-reviewed journals

Fuzzy Sets and Systems, Journal of Multiple-Valued Logic and Soft Computing, Discrete Mathematics, Order, Huston Journal of Mathematics, Journal of Pure and Applied Algebra, Algebra Universalis, Indagationes Mathematicae.

Teaching experience

[2009 - present] Lecturer for the following courses:

- "Special Topics in Logic and Security" (master course, 2nd year, one module)
- "Implementation of Concurrent Systems in Programming Languages" (master course, 1st year)
- "Declarative Programming" (undergraduate course, 3rd year)
- "Web Techniques" (undergraduate course, 2nd year)
- "Logic Programming" (undergraduate course, 2nd year)
- "Mathematical and Computational Logic" (undergraduate course, 1st year)

Conferences

Invited talks

[T10] SYNASC 2020: 22nd International Symposium on Symbolic and Numeric Algorithms for Scientific Computing (online event),

Timisoara, Romania.

<https://synasc.ro/2020/>

[T9] DACS: Days of Computer Science 2016,

Bucharest, Romania, July 3-4, 2016.

<http://fmi.unibuc.ro/dacs2016/>

[T8] Soft Computing Days 2016,

Salerno, Italy, May 23-25, 2016.

<http://logica.dmi.unisa.it/workshop-soft-computing-days/>

[T7] Beyond True and False: Logic, Algebra and Topology,

Florence, Italy, December 3-5, 2014

<http://local.disia.unifi.it/Beyond2014/>

Title: *Applications of the semisimple tensor product of MV-algebras*

[T6] 35th Linz Seminar on Fuzzy Set Theory,

Linz, Austria, February 18-22, 2014.

<http://www.fl11.jku.at/div/research/linz2014/index.html>

Title: *Probabilities in Lukasiewicz logic*

[T5] "Proof", An International Conference within the Frame of Humboldt Kollegs,

Bern, Switzerland, September 9-13, 2013.

http://www.humboldt-kolleg.iam.unibe.ch/hb_main.html

Title: *Linearity issues in Lukasiewicz logic*

[T4] Anniversary Conference: Faculty of Science 150 years,

Bucharest, Romania, August 29-September 1, 2013

<http://fmi.unibuc.ro/FMI-150/>

Title: *A propositional logic related to the Pierce-Birkhoff conjecture*

[T3] "ManyVal'12", Salerno, Italy, July 4-7, 2012.

<http://logica.dmi.unisa.it/manyval12/>

Title: *MV-modules*

[T2] "Logic, Algebra and Truth Degrees" (LATD 2010), Prague, September 7-11, 2010.

<http://www.mathfuzzlog.org/latd2010/index.php>

Title: *Linearity issues in MV-algebras*

[T1] "Probability, Uncertainty and Rationality", Pontignano, Siena, Italy, November 1-3, 2009.

<http://homepage.sns.it/hosni/lori/events/pura09/>

Title: *Algebra and probability in Lukasiewicz logic*

Organization

International workshops as main organizer

- "ManyVal 2019", November 1-3, 2019, Bucharest, Romania
- "Algebra and Probability in Many-Valued Logics", May 7-9, 2009, Darmstadt, Germany (financed by Alexander von Humboldt Foundation)

Special sessions at international conferences

- "Automata, logic and infinite games" at Computability in Europe CiE 2015, Bucharest, Romania, June 29 – July 3, 2015 (with Dietmar Berwanger)
- "Formal Methods to Deal with Uncertainty of Many-Valued Events" at 14th International Conference on Information Processing and Management of Uncertainty in Knowledge-based Systems IPMU 2012, Catania, Italy, July 9-13, 2012 (with Tommaso Flaminio and Enrico Marchioni)

Publications

Papers in peer-reviewed journals
